

## Nearly the end of Autumn term!

With just 2 weeks left before the end of our Autumn term, we reflect on a busy, fun and successful time where children have enjoyed a variety of experiences to support their learning. They have made us PROUD every day in the way they bring our school values to life (Respect, Responsibility, Resilience and Reflection), and visitors to school have all commented on how polite, friendly, articulate and welcoming everyone is.

It has been a delight to see parents and carers coming into school for parents evenings as well as events such as i-challenge and cooking and I know you value these opportunities as it allows you to see first hand what we all get up to. I would recommend following us on Twitter where you will get regular insight into the kinds of activities children take part in at Warley Road.

When the holidays arrive (school closes on Friday 16<sup>th</sup> December), I hope you and your families have a safe and restful time, and for those families and staff who are celebrating, have a very happy Christmas!

- School closes on Friday 16<sup>th</sup> December and reopens on Wednesday 4<sup>th</sup> January 2023.

## Lunchtimes

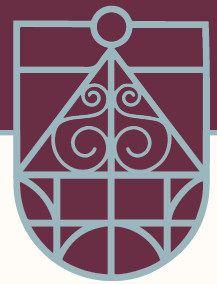

Lunchtimes are a very important part of the school day and support children's learning and development, perhaps more than you realise. Its more than just food, much more! During lunchtime, children get the opportunity to develop social skills, build friendships, try different activities and get exercise and fresh, all of which are essential elements of good mental health.

Make sure your child benefits from school lunchtime!

## Safeguarding at Warley Road

Last week, some safeguarding experts came to review how well we keep children safe. You will be pleased to hear that, through robust procedures, the reviewers found that children were kept safe and were happy coming to school. I know this is reassuring information for parents.

## Keeping fit and healthy...

Did you know that every Sunday, at 9am, in People's Park, there is a free Park Run event for children (4 to 14 years old). The event is a free and fun 2k route that children can either walk, or run, or a bit of both! Fresh air and fitness all rolled into one!
